**Notice of Thirteenth Addendum to the
LOCALIZED HEALTH IMPACTS REPORT
for
Selected Projects Awarded Funding Through the
Alternative and Renewable Fuel and Vehicle Technology
Program under Solicitation PON-13-606
Publication CEC-600-2014-002-AD13**

The Energy Commission is required under California Code of Regulations, Title 13, Chapter 8.1, Section 2343(c)(6), to consider the localized health impacts and environmental justice when approving projects for funding.

The *Localized Health Impacts Report for Selected Electric Vehicle Charging Infrastructure Projects Awarded Funding through the Alternative and Renewable Fuel and Vehicle Technology Program under Solicitation PON-13-606* was posted on April 11, 2014, and the 30-day public comment period ended May 12, 2014. Eleven addendums to this report were posted between June 19, 2014 and July 8, 2016.

The Energy Commission has published a thirteenth addendum to the original Localized Health Impacts Report that analyzes new or added site locations of projects proposed for funding under the Program. This addendum reports on and assesses the potential localized health impacts of location changes and added locations. US Green Vehicle Council proposes to replace one station location and South Coast Air Quality Management District (SCAQMD) proposes to replace three station locations. The new site locations for electric vehicle charging infrastructure are listed below. This addendum was publicly available on August 3, 2016.
